Website: www.careers.govt.nz

Career Services is New Zealand's leading provider of independent career information, advice and guidance. We aim to provide all people living in New Zealand with access to the best careers information, advice and guidance to achieve their life goals.

There are many ways we can support you to confidently take steps to a successful future. We can help you to:

- plan your career at any stage of your life
- offer creative ideas to assist your job search
- set goals and your future direction
- learn how to put together a CV
- identify your strengths and interests, and your study, training or career options
- identify ways to increase your skills through training or retraining
- find out your options for trade training, apprenticeships or tertiary training
- increase your awareness of different career options
- get inspired by reading about other people's personal career stories.

Our website is a one-stop shop that can help you to meet your career needs. For example, you can access information on around 600 jobs. You can use the CV wizard to promote your strengths or use our worksheets; quizzes and interactive tools to give you job ideas and help you make decisions.

You can talk to a careers adviser on our free phone line, or arrange an appointment with Eileen Kiffin, our local career consultant for the Taranaki region.
